Dear Hiring Manager,

I am writing to express my interest in joining Dana Motors. With my experience in automotive engineering, including ECU programming and telematics, I've been involved in improving vehicle performance and connectivity. My background also covers embedded systems development and diagnostics, which I believe aligns well with Dana Motors' goals in delivering quality automotive solutions.

I am excited about the opportunity to bring my skills to your team and contribute to your success in the Nigerian automotive industry.

Thank you for your consideration.

Sincerely,
