

Dear Sir/Ma,

I am writing to express my strong interest in the Chief Security Officer position at Dana Group, as advertised. With over 15 years of experience in the security industry and a proven track record of leading large security operations, I am confident that my expertise aligns with the strategic security needs of Dana Group.

In my recent position as Contract Manager for Stanbic IBTC Bank, deployed from Halogen Security, I managed complex security operations across multiple sites. This included developing and implementing security policies, ensuring regulatory compliance, and leading teams to ensure the safety of personnel, assets, and infrastructure. I also have significant experience in security control room operations, risk assessments, and the deployment of technology-driven security solutions. My certifications, including ISO 9001 and Certified Security Associate, reflect my commitment to high standards in quality management and security operations.

I am particularly drawn to Dana Group because of your commitment to innovation and safety. I believe my experience in managing security protocols and community relations, along with my ability to navigate security challenges in high-stakes environments, will add considerable value to your organization.

I would welcome the opportunity to discuss how my skills and experience can contribute to Dana Group's continued success. Thank you for considering my application. I look forward to the possibility of contributing to your team.

Best Regards,

Ajao Temitope Raphael
