Dear Hiring Manager,

RE: Application As Production Engineer

I am writing to apply for the post of a Production Engineer as advertised in your reputable and prestigious Production Factory.

I am an experienced and result driven multi skilled Mechanical Engineering Professional with years of experience in the following areas like operations and maintenance management of both production and process equipment, general engineering work, overhauling, installation and servicing .I have strong communication skills, both verbal and written, time management , team management, ability to work in a competitive environment and I can work with team to drive results

I strongly believe that with my technical skills, experience and education, I would be a valuable team player to your reputable organization and carry out the job in a professional standard. I would welcome an opportunity to work with your reputable organisation as an Production Engineer who will use his strength to motivate,drive result for smooth operation of your Production machine and other facilities to achieve daily given target.

I have attached a copy of my CV for more details, should you be interested in my skills and experience, please do not hesitate to call me.

Looking forward to receiving an interview call at your best convenient time.

Thanks.

Yours Sincerely,

Dayo Afeez Olayiwola,
