

ADEYEMI PAUL MUYIWA

Phone Number: 234-806-213-7851, 234-806-290-9957

E-mail: amuyiwa26@gmail.com

CAREER SUMMARY

A graduate with diploma in electrical power, with Excellent Communication, Team Work ability, Research, Time management, Assessment and Problem Solving skills, Highly Organized with the Ability to Manage Multiple Project and Consistently meet deadline and Strong Desire to Achieve More.

PERSONAL DETAILS

STATE OF ORIGIN: Ekiti State
SEX: Male
DATE OF BIRTH: 15th June, 1988
MARITAL STATUS: Married

EDUCATION

Alison-Empower yourself	
Diploma in Operations Management	April 2022
Institute for Industrial Technology	September 2010
<i>Proficiency in Electro mechanics</i>	
CITY AND GUILD OF LONDON	September 2010
<i>Diploma in electrical power</i>	

RELATED EXPERIENCE

Cube line Technician Flourmill Nigeria PLC December 2022 till Date

- Coordinate and supervise preventive maintenance of the relevant machines to ensure maintenance schedules are implemented. (GEA and Schute Machines)
- Work on GEA Machine (Elber Packer, Cuber, Drying and Conditioning, Schute Box former and Closer).
- Ensure reduction of downtime to the barest minimum to prevent loss due to machine downtime adhering to all Autonomous Maintenance Principle.
- Plan and order spare parts and tools for maintenance work to avoid delay due to material availability.
- Maintain detailed record of maintenance activities for analysis and future reference.
- Maintain detailed record of breakdown, OEE and Production Output
- Provide training and professional development opportunities for maintenance and Operations staff to enhance their skills and knowledge.
- Supervise and control usage of materials and tools for optimal efficiency of machines.
- Maintain a safe working environment by ensuring that maintenance operations follow safety standards and best practice

Maintenance Technician J4 Automation Limited June 2019 – July 2020

- Accountable for Installation and Maintenance of Krones Blow Mould (Contiform)
- Troubleshooting, repair and addresses of Proximity and Inductive Sensors, Solenoids coil and valves on the machine
- Troubleshooting and Repair of Electrical Lamps in the Oven of the Blow mould
- Troubleshooting and Repair of Electrical Motor controls faults with the use of the electrical diagrams
- Maintenance and Operations of the contiform machine (blow mould) using CLIT
- Accountable for the overall efficiency of the machine putting safety and 5S in place

Laboratory Technician Guinness Nigeria PLC September 2016 – April 2017

- Performing laboratory tests in order to produce reliable and precise data to support scientific investigations
- Carrying out routine tasks accurately and following strict methodologies to carry out analyses
- Preparing specimens and samples
- Constructing, maintaining and operating standard laboratory equipment, for example centrifuges, titration, pipetting machines and pH meters
- Ensuring the laboratory is well-stocked and resourced
- Recording and sometimes interpreting results to present to senior colleagues
- keeping up to date with technical developments, especially those which can save time and improve reliability
- Following and ensuring strict safety procedures and safety check

Brewery Technician Guinness Nigeria PLC August 2013 – August 2016

- performing maintenance on process lines as well as the electro pneumatics system
- Troubleshooting, repair and maintenance of process electro pneumatics valves, Float switches, Pressure Transmitter, Temperature Transmitter, Proximity and Inductive sensor
- Operations and maintenance as well as reporting fault on the Beer Centrifuges (HSB200 and GSE 220)
- Propagation and Storage of Yeast for Fermentation of Wort based on the Generations, yeast count and viability
- Dosing of Yeast food into the Fermenting vessels for the proper of the Yeast in the wort during fermentation and the dosing of ALDC as for lager beer to mask off dactyl of the beer
- Cold thrub purging of the beer in the fermenting vessel after twelve hours of filling to eliminate the dead yeast that could cause infections in the beer during fermentation.
- Turn age of the beer using the centrifuge to remove or separate the fermented beer from the yeast and dosage of fish finings during turn age
- Storage of beer in the storage vessel for final filtrations at the temperature of 0-5 degree Celsius
- Perform CIP on the vessels, process lines, YPTS, YHVS and the centrifuges as well as scalding of the Vessels.

Technical Operator Guinness Nigeria PLC September 2010 – July 2013

- Performing maintenance and operations on Blow mould (ABMOLLY), washer, Filler and Labelled Machines
- Performing CLITS and ensure the use of PPE during operations and maintenance of the machines
- Ensuring 5S during operations and maintenance
- Ensure safe running and efficiency of machines and human during operations and maintenance as well as production of good sellable quality products during operations
- Ensure waste is driven to the minimum
- Reporting the state and Health conditions of the machine

COMPUTER/ LANGUAGE SKILLS

- Fluent in English and Yoruba
- Proficient with Microsoft word, excel and Power Point
- SAP ERP user (WM/MM/PP)
- SAGE 100 user
- DYNAMICS AX user

PERSONAL PROFILE/ACHIEVEMENTS

- **Broadminded, flexible and high sense of creativity**
- **Submissive to immediate boss and ready to learn at a faster pace**
- **Good interpersonal skills and ability to work effectively in a team**
- **Ability to learn, pay attention to detail and write a comprehensive report**
- **Ability to work energetically, passionately and productively under pressure**
- **Integrity, Self-motivated, Target oriented, value driven and Good oral communication**
- **Ability to work passionately with little or no supervision within the shortest possible time frame**
- **Developing of Startup procedure for operations of Elba cuber (Mould) at Flourmill (Golden Sugar)**
- **Increases Cube line efficiency from 48% to 75% by training the Operators on Autonomous Maintenance at Flourmill (Golden Sugar)**
- **Cost Optimization by blending off obsolete glue seed and new to avoiding scrapping of the glue at Flourmill (Golden Sugar)**
- **Member of ST John Ambulance first aider**
- **Attain proficiency in First Aid, emergency responds and fire fighting**

HOBBIES

Reading, researching, travelling, playing chess, and swimming
